## California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### About Our School

The Golden Hills Elementary Staff believe that we can achieve our fundamental purpose of high levels of learning for all students if we work together towards this common goal. This involves parents, teachers, paraprofessionals, support staff, and students collectively. It is our desire to cultivate a culture of collaboration through the development of high performing teams. We are committed to maintaining a safe environment where all students can learn and grow to their fullest potential.

### School Description and Mission Statement (School Year 2016-17)

The Palermo Union School District is comprised of six schools: Helen M. Wilcox Elementary School (K-3), Honcut Elementary School (K-2), Golden Hills Elementary School (4-5), Palermo Middle School (6-8), and two Community Day Schools (K-7 and 5-8). The district is located in Butte County, in the northern part of California's Sacramento Valley.

**School Description:** Golden Hills Elementary School, built in 2006, is located four miles south of Oroville and has an enrollment of approximately 300 students. Golden Hills provides a Title 1 School-Wide Program (SWP) in addition to Reading Intervention, Math Intervention, GATE, English Language Development, Special Education, Indian Education, and library services. Every classroom at Golden Hills is considered a smart room, equipped with technology which is used to reach all types of learners. This technology includes a projector, document camera, and amplification system. In addition, each student is assigned a chromebook; and each grade level has a mobile computer cart with a classroom set of student laptops. Every student at Golden Hills receives music education once a week from a Music Teacher. Golden Hills also has a focus on increasing physical fitness for students by holding monthly school-wide fitness activities, and culminating in an annual two week olympic event at the end of the school year. In addition to our required P.E. minutes, students also receive weekly instruction from a Physical Education Teacher.

Golden Hills embraces the Professional Learning Community (PLC) model, as well as the Learning For All concept. The teaching staff and administrators have developed strategies to teach students of all ability levels, including implementation of Response to Intervention (RTI), READ 180 (intensive reading intervention), leveled reading and leveled math classes (with extra challenge for GATE students), and a school-wide intervention block (including ELD). We utilize Explicit Direct Instruction (EDI) strategies and techniques to enhance student engagement. We are involved with an iSTEM grant where teachers are receiving professional development in integrating science, technology, engineering, and mathematics; and this is being shared to students during a daily S.T.E.A.M. block (Science, Technology, Engineering, Arts, and Mathematics).

**School Goals:** All students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics by 2017-18. Progress indicators will be CAASPP scores, as well as local district benchmarks. Local assessments, both formative and summative, are monitored and analyzed weekly, each trimester, and at the end of the school year.

**Mission:** Golden Hills, in a cooperative effort with students, families, and the community, will provide an excellent educational program to ensure that all students are successful life-long learners. We will maintain a safe, caring, moral, drug-free, and supportive environment, with the ultimate goal of students becoming successful, productive, and responsible citizens.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

#### Teacher Credentials

## School Facility Conditions and Planned Improvements

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility inspection tool developed by the State of California OPSC. The results are available at the school office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Golden Hills was built in 2006. It has 12 classrooms, a multipurpose room, a library, and an administration building. A staff work room is located in the administration building. Student and staff restrooms are adequately located throughout the campus and are kept clean and in good working order. Golden Hills maintains a playground and garden area. The campus is gated and locked when school is not in session. Parents and guests sign in, and out, at the office.

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair, and working order, are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. A daytime custodian takes care of the day-to-day operational needs on site, while helping to maintain safety and cleanliness. A night time custodian maintains the cleanliness of the school by cleaning the entire facility each night.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

# State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

### Opportunities for Parental Involvement (School Year 2016-17)

Parental Involvement is an important part of student success. Parents and guardians are given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed. We encourage parents/guardians to volunteer in the classroom and on field trip events, as well as attend Back-to-School Night, Open House, Parent/Teacher Conferences, Title 1 Meetings, Muffins for Moms, Doughnuts for Dads, and other family events. Golden Hills benefits from an active Parent Teacher Group (PTG). The PTG works with the community on various fundraisers and supports student activities. Parents are encouraged to serve on the School Site Council (SSC). Parents of English Learners (EL students) are encouraged to serve on the English Learner Advisory Committee (ELAC). Parents and guardians can support their child's learning environment by monitoring school attendance and homework completion, participating in extracurricular activities, volunteering at school, attending SSC meetings, and by planning and participating in activities at home that are supportive of classroom instruction.

For information on how to get involved in any of these groups or activities, please contact the school office at (530) 532-6000.

## School Safety Plan (School Year 2016-17)

The Palermo Union School District Comprehensive Safety Plan/Emergency Management Plan is reviewed, updated and approved by the Governing Board annually by March 1. Each school maintains a copy of the Safety Plan on site and a copy of the site Emergency Conditions portion of the plan is maintained in each classroom. Key elements of the Safety Plan include: a plan of action for maintaining a safe and orderly environment conducive to learning at the school (i.e. assessment of school safety, identification of strategies and programs that will maintain school safety and campus security) and emergency management procedures consistent with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) developed by the U.S. Department of Homeland Security.

Key elements of the site Emergency Conditions include: a plan of action for a coordinated school wide response to emergencies (i.e. intruder on campus, fire, emergency lockdown, evacuation, etc.). Safety drills are held on a regular basis. Fire drills are held monthly. Earthquake/disaster and intruder drills are held twice a year. All employees wear ID badges and visitors to the campus are required to sign in at the school office and wear a visitor's pass at all times.

## Types of Services Funded (Fiscal Year 2015-16)

Golden Hills Elementary School provides standards based, high quality instruction to all students in all subject areas. We provide additional academic support and supplemental services through school wide intervention classes within the school day and through after school tutoring. Achievement data and student progress is regularly monitored in order to insure that students are assigned to appropriate classes and intervention services. Students that are not meeting grade level standards also receive instructional support from our education specialists.

Title I funding supports improvement of the teaching and learning of children who are at risk of not meeting academic standards and reside in areas with high concentration of children from low-income families. It also provides additional academic support from instructional aides who work in the classroom under the guidance of a credentialed teacher.

Title VII funding is used to provide Indian Education students with additional academic support from an instructional aide who provides in-class assistance.

English Language Learners who have not yet reached fluency receive approximately 35 minutes of English Language instruction daily, in addition to their core Reading/ELA classes.

## Professional Development

---

The district schedules staff development on non-student days and/or non-contract days, or during after school hours. Staff development is delivered through after school workshops, conference attendance, individual mentoring, and PLC. Area of focus for staff development is selected based on need, as shown in achievement data. Teachers are supported through teacher-principal meetings and professional learning communities.

PUSD teachers engage in active staff development throughout the year by attending in-District training sessions given by staff and consultants, as well as site-based sessions presented at staff meetings, committee/grade level meetings, and during formal observation post conferences. Staff development has focused on fostering the Explicit Direct Instruction (EDI) strategies and techniques, and professional collaborative teams. District and site sessions, as well as follow-up classroom observations and feedback have been provided on the following topics: Student Engagement, Checking for Understanding-TAPPLE, Corrective Feedback, and Delivering Information.
