California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

The Palermo Community Day School staff believe that we can achieve our fundamental purpose of high levels of learning for all students if we work together towards this common goal. This involves parents, teachers, paraprofessionals, and students collectively. Students at the Palermo Community Day School are provided the time and support necessary to cultivate behaviors and attitudes that will enable them to grow academically and socially. We are committed to maintaining a safe environment where all students can learn and grow to their fullest potential.

School Description and Mission Statement (School Year 2016-17)

The Palermo Union School District is comprised of five schools: Helen Wilcox (K-3), Honcut (K-2), Golden Hills (4-5), Palermo (6-8), and the Palermo Community Day School (K-8). The district encompasses a 75 square mile area located in Butte County in the northern Sacramento Valley. Each student has an Individualized Rehabilitation Plan with a required weekly counseling and community service component. Typically students are enrolled for one or two trimesters and are able to apply for re-admittance back into the traditional school setting. Palermo has an ongoing Memorandum of Understanding with Oroville City Elementary School District (OCESD) and Thermalito Union School District (TUSD) for the placement of up to 12 "at risk" students in Community Day.

Mission Statement: The Palermo Community Day School: K-7 is designed to meet the needs of students who are exhibiting behavioral, academic, and/or attendance problems. The intent of the program is to help students develop problem-solving skills and more effective coping strategies that will result in a greater chance of success when they return to the regular school setting. CDS staff maintain high expectations across the academic, social, and emotional domains, and will remain committed to developing increased resiliency within students.

School Facility Conditions and Planned Improvements

School Facilities: Facilities are maintained in a manner to ensure that they are clean, safe and functional as determined by an evaluation instrument developed by the State of California Office of Public Construction.

Teaching and learning space: The Palermo Community Day K-8 has one portable classroom approximately 8 years old. Staff and student bathrooms are adequate and are maintained in clean and working order. The outside area includes grass, large trees, concrete picnic tables and benches maintained in safe and working order.

Maintenance and repair: District maintenance staff ensure that any necessary repairs are completed in a timely manner. A work order process is used to provide efficient service and ensure that emergency repairs are given the highest priority.

Cleaning process: The district governing board has adopted cleaning and safety standards for all schools in the district. A summary of these standards is available at the school office or the district office. The Maintenance & Operations Supervisor works with custodial staff to develop cleaning schedules to ensure a clean and safe school. A Safety & Cleaning checklist is used during school breaks (summer, Christmas, and Easter).

Maintenance projects for 2015-2016 include: general repairs and painting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards

School Safety Plan (School Year 2016-17)

In compliance with state regulations, the District Comprehensive Safety Plan/Emergency Management Plan is reviewed, updated and approved by the Governing Board annually by March 1. Each school maintains a copy of the Safety Plan on site and a copy of the site Emergency Conditions portion of the plan in each classroom. Key elements of the Safety Plan include: a plan of action for maintaining a safe and orderly environment conducive to learning at the school (ie: assessment of school safety, identification of strategies and programs that will maintain school safety and campus security) and emergency management procedures consistent with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) developed by the U.S. Department of Homeland Security. Key elements of the site Emergency Conditions include: a plan of action for a coordinated school wide response to emergencies (i.e. intruder on campus, fire, emergency lockdown, evacuation, etc). Safety drills are held on a regular basis. Fire drills are held monthly. Earthquake/disaster and intruder drills are held twice a year. Visitors to the campus are required to sign in at the school office and wear a visitor's pass at all times.

Types of Services Funded (Fiscal Year 2015-16)

Palermo Community Day School provides standards based, high quality instruction to all students in all subject areas. In addition, we also provide additional academic support and supplemental services through the use of intervention classes within the school. Achievement data and student progress is regularly monitored in order to insure that students are assigned to appropriate classes and intervention services.

Professional Development

The district schedules staff development on non-student days and/or non-contract days, or during after school hours. Staff development is delivered through after school workshops, conference attendance, individual mentoring, and PLC. Area of focus for staff development is selected based on need, as shown in achievement data. Teachers are supported through teacher-principal meetings and professional learning communities.

PUSD teachers engage in active staff development throughout the year by attending in-District training sessions given by staff and consultants, as well as site-based sessions presented at staff meetings, committee/grade level meetings, and during formal observation post conferences. Staff development has focused on fostering the Explicit Direct Instruction (EDI) strategies and techniques, and professional collaborative teams. District and site sessions, as well as follow-up classroom observations and feedback have been provided on the following topics: Student Engagement, Checking for Understanding-TAPPLE, Corrective Feedback, and Delivering Information.
